Eastern Suburbs invited to help kick goals for charity

February 2011: With the support of m.a.s. accountants the Waverley Old Boys FC will be kicking off the football season with a Charity Gala Day for the whole community on 27 February with all proceeds going to a very special cause.

Everyone is invited to come along to the 'm.a.s. football 6 a-side charity gala day' to enjoy the activities and to also support Australian charity, Football United. With a sausage sizzle and multiple football games throughout the day, it will be a great day for the whole community.

Eric DeHaas, Chairman, Waverley Old Boys Football Club said, "We are excited to kick off the football season and celebrate our tenth year as a club with the m.a.s. football 6 a-side charity gala day.

"Through the support of m.a.s. accountants all profits from the day will go to Football United, a not-for-profit organisation which uses football to assist recently arrived refugee children, youth and their families whom have experienced extremely difficult life situations, in their transition into Australian society."

Members of the community are also invited to form teams of six players and enter them to play at the m.a.s. football 6 a-side charity gala day.

John Corias, Senior Partner, m.a.s. accountants said, "While it may not seem that accountants, small businesses, refugees, school students, families and sports fanatics have much in common, but football is something that all Australians can enjoy together.

"We are proud to be the major sponsor of the Gala Day and are looking forward to playing football with players from Football United and the Waverley Old Boys."
